## ABOUT

---

30 years spent pursuing the ethos, 'what the spirit commits, perseverance completes' is what has shaped Stylam Industries Limited. We are reputed to be a global entity with a Pan India presence and a thriving export market in more than 80+ countries, having our major customers in Europe, Far East, Middle East, Russia, and North America.

We have our state-of-the-art infrastructural plant at Panchkula in North India. Sophisticated moulds of various finishes imported from Europe are used in the production of our high-quality laminates in following the universally acceptable European standards EN 438 series. Crossing our silver jubilee celebrations was the inauguration of our ultra-modern manufacturing plant, designed by renowned Singapore-based architects. The facility has a hydraulic press system capable of producing the biggest size of laminate panels in India.

We are an ISO 9001: 2015 certified company, that itself shows our integrity, quality, and reliability. Another feather in our cap is, we are recognized as an 'Export House' by the Government of India. Our unique design range and advanced quality efficiency of laminates have assisted the company in being awarded the prestigious CE certification for its compact laminates.
