1. BACKGROUND

The Ministry of Corporate Affairs (MCA), Government of India, in July 2011, came out with the “National Voluntary Guidelines on the Social, Environmental and Economic Responsibilities of Business” (NVGs). This was expected to provide guidance to businesses on what constitutes responsible business conduct. In order to align the NVGs with the emerging global concerns, the Sustainable Development Goals (SDGs) and the ‘Respect’ pillar of the United Nations Guiding Principles (UNGP), the process of revision of NVGs was started in 2015. After revision and updation, the new principles were released as the National Guidelines on Responsible Business Conduct (NGRBC) in March 2019.

In November 2018, the Ministry of Corporate Affairs (MCA) constituted a Committee on Business Responsibility Reporting (“Committee”) for finalizing Business Responsibility Reporting formats for listed and unlisted companies, based on the framework of the NGRBCs. SEBI was also part of this Committee and worked on the report. The report of the Committee was released on August 11, 2020. The Committee recommends that the Business Responsibility Report be called the Business Responsibility and Sustainability Report (BRSR).

Further Securities and Exchange Board of India (SEBI) vide Circular no. SEBI/HO/CFD/CMD- 2/P/CIR/2021/562 (“SEBI Circular”) dated May 10, 2021 has made Business Responsibility & Sustainability Report (BRSR) mandatory for Top 1000 listed entities by market capitalization with effect from financial 2022-

23. The report was voluntary for the year 2021-22. The BRSR is a notable departure from the existing Business Responsibility Report (“BRR”) and a significant step towards bringing sustainability reporting at par with financial reporting. SEBI Circular further states that the BRSR is an initiative towards ensuring that investors have access to standardized disclosures on ESG parameters. Access to relevant and comparable information will enable investors to identify and assess sustainability-related risks and opportunities of companies and make better investment decisions.

2. OBJECTIVE, SCOPE AND APPLICABILITY

The Company falls within the list of top 1000 listed entities by market capitalization. Hence, the submission of Business Responsibility & Sustainability Report (BRSR) is mandatory with effect from April 01, 2022 for the Company. In view of the Business Responsibility & Sustainability Reporting, the company formulates this Business Responsibility and Sustainability Development Policy.

The objective of this policy is to adopt the principles and guidelines on Social, Environmental, Governance and Economic responsibilities promoted by the regulators and to ensure a unified and common approach to the dimensions of Business Responsibility across Stylam Industries Limited or (“Company”) and act as a strategic driver that will help STYLAM respond to the complexities and challenges that keep emerging, to align the company with the best of global business conduct principles and be abreast with changes in regulations.

The National Guidelines for Responsible Business Conduct (“NGRBC”) are to be used across STYLAM and provide a useful framework for guiding our overseas operations, in addition to aligning with applicable local national standards and norms governing responsible business conduct.

Furthermore, the NGRBC encourages us to ensure that not only do we follow these guidelines in business contexts directly within our control or influence, but that we also encourage and support our suppliers, vendors, distributors, business partners/associates and other stakeholders to follow them.

The Policy will also be a part of the training/ awareness program for all employees so that they are fully aware of its elements, and are committed to its implementation.
