

MATERIAL SAFETY DATA-SHEET

Revision Date : 01-07-2011

Post Form Laminates

Stylam Industries Limited

1. Identification of the substance/ preparation

Name of product : Post Form Laminates
Thickness Range : 0.5 – 1.0 mm
Manufacturer/Supplier : Stylam Industries Limited,
SCO 14, Sector 7C, Madhya Marg,
Chandigarh, India
e-mail : info@stylam.com
web : www.stylam.com
Ph. +91-0172-5021555, 5021666,
Fax: +91-0172-2795213.

2. Composition/ information on ingredients

Contains : Paper, Thermosetting Phenolic and Melamine resins and special Chemical additives for post-form property

3. Special hazards information for man and environment

Special hazards information for humans and environment :

- Hazardous Ingredients : None
- Dust from cutting or sanding operations may be dangerous and can cause irritation to the eyes, respiratory system and skin.

4. First aid measures

General Information :

- Not applicable

5. Fire - fighting measures

Suitable extinguishing material :

- Dry chemical extinguisher
- Carbon dioxide
- Water spray jet

Extinguishing material that may not be used for safety reasons :

- None.

Special exposure hazards arising from the substance, combustible products or resulting gases :

In case of fire, the following hazardous combustion gases are formed ;

- Carbon monoxide (CO)
- Carbon dioxide (CO₂)

Special protective equipment for firefighters :

- Use breathing apparatus with independent air supply.

6. Accidental release measure

Personal precautions :

- No

Environmental precautions :

- No

Methods for cleaning up/taking up :

- Not applicable

7. Handling and storage

Advice on safe handling :

- Room ventilation with filter should be provided for dust removal during cutting.
- Cloth gloves can be used during cutting operation.
- Safety glasses can be used for protection of eyes from dust during cutting.

Advice on protection against fire and explosion :

- Keep away from sources of ignition - No Smoking.
- Product is combustible.
- Keep away from combustible materials (like paper/wood products)

Advice on storage compatibility :

- No

Further information on storage conditions :

- Storage: cool and dry
- Rapid changes of temperature and moisture must be avoided. Warpage due to moisture is hardly reversible.

8. Exposure controls/personal protection

Additional advice on system design :

- Ensure exhaustion at object.
- Use suitable Respiratory protection
- In case of dust formation, wear good quality micro-dust mask.

Hand protection :

- Appropriate Cloth gloves can be used during cutting operation

Eye protection :

- Appropriate Safety glasses with side protection for eyes during cutting.

Skin protection :

- Not specific

General protective measures :

- Do not inhale dust.

Hygiene measures :

- Wash hands and face properly before breaks and after work.

9. Physical and chemical properties

Form
Solid

Colour
Brown

Odour
Odorless

Data relevant for safety :

| | <i>Value</i> | <i>Temperature at</i> | <i>Remarks</i> |
|------------------|--------------|-----------------------|----------------|
| a) Flash point | >220°C | | |
| b) Auto-ignition | No | | |
| c) Density | 1.35-1.40 | 20°C | |
| d) Solubility | | | insoluble |

10. Stability and reactivity

Conditions to avoid :

- Supplied product does not have dust explosion risk; however the build-up of fine dust can lead to a risk of dust explosions.
- Formation of fungus under long-term influence of condensate.

Hazardous decomposition products :

- Carbon monoxide and carbon dioxide

11. Ecological information

General regulation :

- Effect to fish and bacteria: Not harmful

12. Disposal considerations

Name of waste :

- Sawdust, shaving, cuttings and particle board
- Can be disposed off by burning, providing heat energy (in compliance with local regulations).

Recommendations for Packaging :

- Uncontaminated packaging may be recycled.

13. Transport information

Land and inland navigation transport remarks :

- No hazardous material as defined by regulations.

14. Regulatory information

- Do not breathe the dust.

15. Other information

IMPORTANT: The information and data contained herein are believed to be accurate and have been compiled from sources believed to be accurate. Stylam Industries Limited makes no warranty of any kind, express or implied, concerning the accuracy or completeness of the information and data herein.

The supplier doesn't assume any responsibility for the injury to any person caused by abnormal use of the material even if all precautionary measures are followed. The supplier will not be responsible for claims related to any parties' use of or reliance on information and data contained herein regardless of whether it is claimed that the information are incomplete, inaccurate or misleading.
