EAT : kitchen counters / cook tops / dining tables / bar counters / coffee tables / sinks

Luxury in simplicity.

Pure, vital and compact, the minimal design with bright white worktop and integrated sinks. A desired canvas for the most creative and inspired chefs.

The most versatile material for the most innovative concepts.

A source of inspiration for kitchen designers around the world to create designs with variety, sophistication and durability.

Discover the profound beauty of this material - clean lines, soft curves, integrated sink solutions and backdrop of others decorative elements...

Maybe you'll even prefer to give up the restaurant for a dinner at home with family or friends...

SPLASH : bathrooms / basins / bath tubs / spa / integrated sinks / shower cubicles / shower heads / taps

Thinking up bathing a new. Bathrooms are no longer 'by the way' rooms in our living spaces, but cosy private scentuary from the stress of everyday life, where we have been without having to worry about maintenance.

Most suitable for creating ideal bathrooms.

GRANEX as material adapts perfectly to any form and design while tolerating the wear and tear typical of environments in contact with water. Enjoy complete relaxation with the warm touch and non-porosity of solid surface.

Visualize a bathroom - a combination with sink and cabinet, a cosy shower cubicle or large shower areas, functional and smart mini-bathrooms and even taps and shower heads... All keeping GRNEX back of your mind and recreate it with utter elegance and simplicity. With the easy to maintain and resistant to intense daily use, sheer beauty is a gift.

Robust Luxury. Version 2.0

Floor level Jacuzzi made with GRANEX. Slip in and increase your relaxation with velvet smooth finishes of the solid surface, while stylish standing duo await your attention in self admiration.

Light up your space.

Romancing with its translucency and malleable in any form, compatible with any type of technology, GRANEX lets you create lighting projects that do not set limits to the imagination.

Its an absolute delight and source of inspiration for the most creative and inventive minds to create projects of native aesthetics and sustainability that last in time.

LIGHT : lamps / elegant signages / backlit number & name boards

LIVE : decorative walls / engraved interior & exterior elements / office reception counters

Source of artistic inspiration.

The smooth and silky solid surface can be intricately carved in delicate patterns and forms to create beautiful furniture, wall coverings and stunning artefacts. Let your taste and style preference take the lead. See what magic unfolds!

Making the most of it in every detail.

In designs with curved and angular elements, in the built-in furniture or reception desks, whatever your preference, you will discover the beauty and infinite possibilities offered by GRANEX.

Absolute purity, harmonious shapes and simple maintenance. Transform your work space into a powerful though subtle ambience with GRANEX. Fine tune by fusing with other materials to match the tone - some overplay here, some underplaying there.

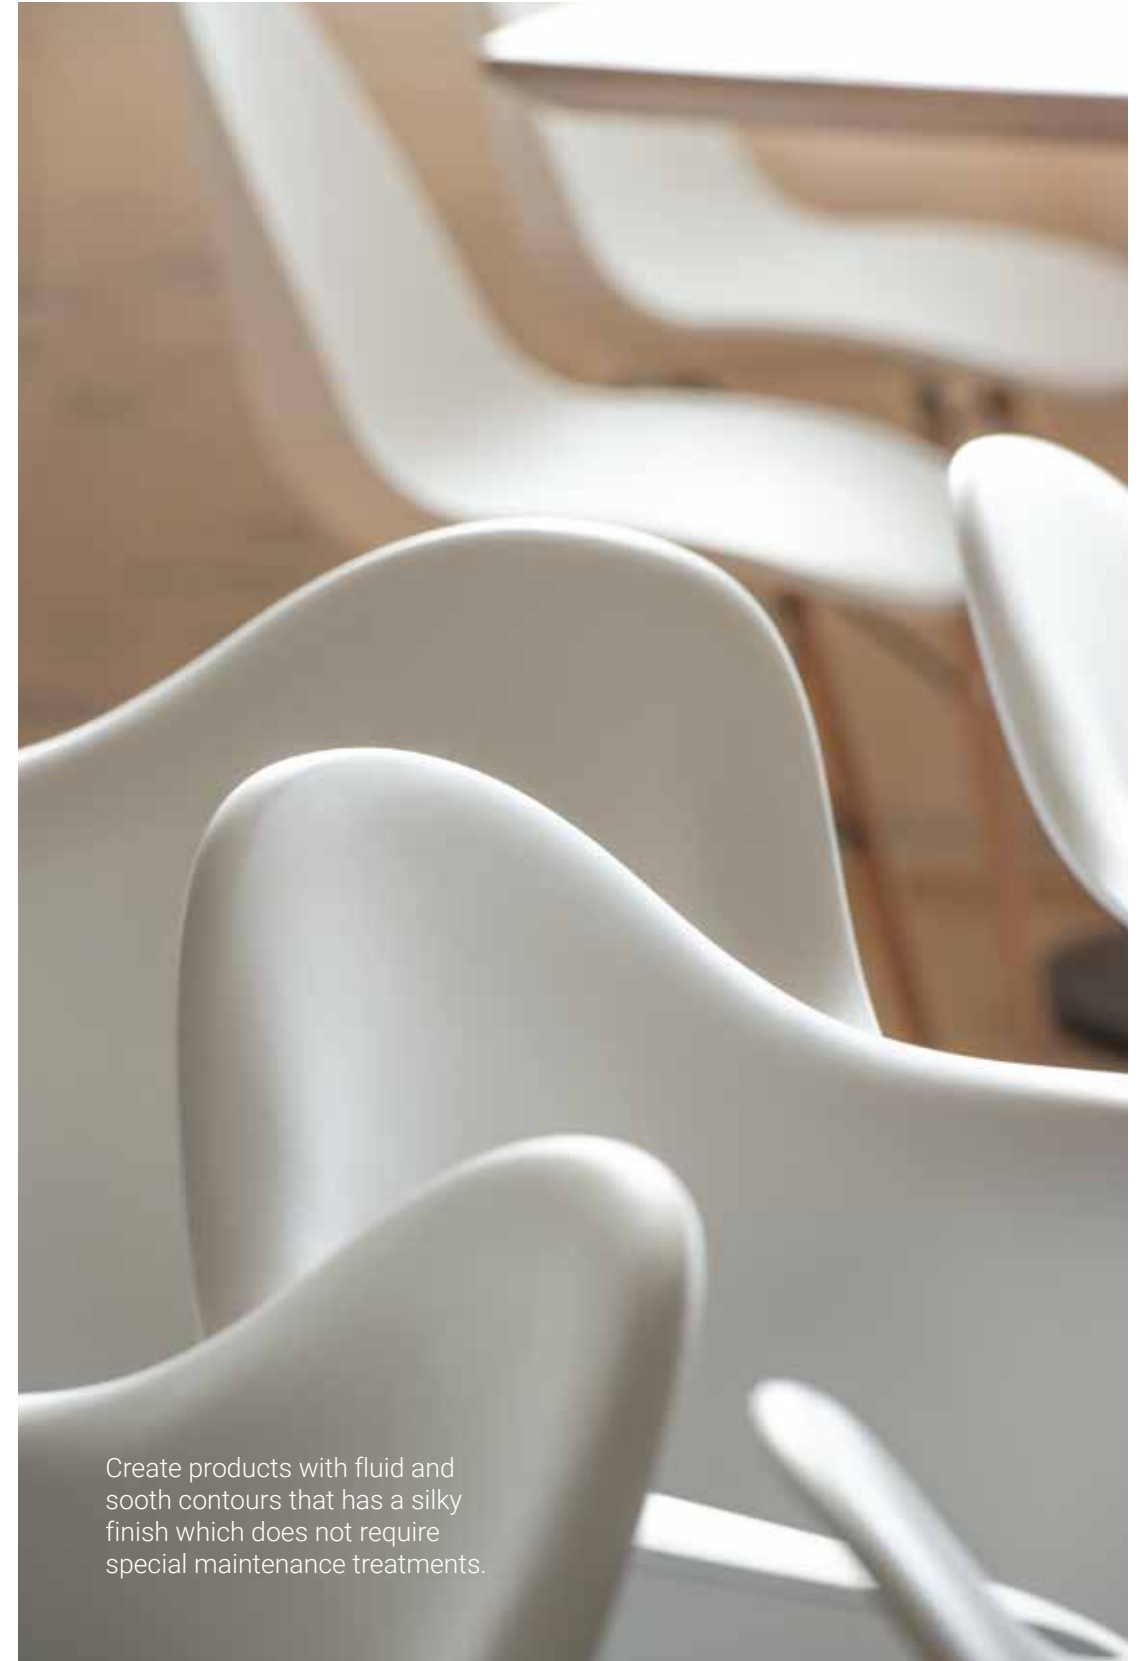

AIR : outdoor furniture / pool & beach recliners / park benches

Sun. Snow. Rain.

Robust, long-lasting, waterproof, UV-resistant, multifunctional and easy to maintain, plus aesthetics at par! GRANEX happen to be solid solution to outdoor design as well.

Creative designers can let their imagination loose and use the material for outdoor furnishings, vases and planters, BBQs, external wall coverings, name and numbered plates.

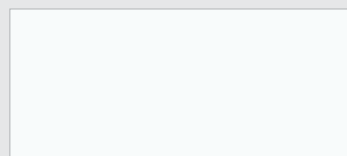

Create products with fluid and smooth contours that have a silky finish which does not require special maintenance treatments.
